SUMMARY

Intermediate full-stack developer with experience in creating functional and responsive web applications. Skilled in front-end technologies like HTML, CSS, and JavaScript, along with basic back-end development and API integration. Capable of building user-friendly interfaces, implementing essential server-side logic, and troubleshooting issues effectively. Familiar with modern frameworks and databases, with a focus on writing clean and maintainable code. Committed to continuous learning and improving technical skills to deliver reliable software solutions.

EDUCATION :

Sri Venkateswara College Of Engineering
Bachelor's Degree in Electronics And Communication Engineeering
2021 – 2024
CGPA-7.3

Swamy Abedhanandha Polytechnic College
Diploma in Mechanical Engineering
2018 – 2021
Percentage - 77%

SKILLS :

- Web development
- HTML
- CSS
- Node JS
- React JS
- MongoDB

CERTIFICATIONS :

- **Masterclass in Full Stack development**
- **INFOSYS ONLINE COURSES**
  1. Computer Vision 101
  2. Introduction To Artifical Intelligence
  3. Introduction To Data Science
  4. Introduction To Deep Learning
  5. Introduction To Natural Language
  6. Introduction To Robotic Process

PROJECTS :

- **Netflix Homepage Clone - Front-End Development Project**

Designed a responsive Netflix homepage clone using HTML, CSS, and JavaScript. The project replicates the user interface of Netflix's homepage, including interactive features such as dynamic content carousels, hover animations, and responsive design elements to ensure seamless usability across devices. Demonstrated proficiency in front-end development and attention to detail in recreating a popular web application interface

- **To-Do Web Application - Full Stack Development Project**

Developed a full-stack To-Do web application using HTML, CSS, JavaScript, and Node.js. The application enables users to manage tasks by adding, editing, deleting, and marking them as completed. The front-end is built with HTML, CSS, and JavaScript for an interactive and responsive user experience, while Node.js is used for server-side functionality, including task storage and data management. Integrated front-end and back-end technologies to create a seamless application, demonstrating proficiency in full-stack development and enhancing user productivity.

- **Text-to-Speech Web Application - Full Stack Development Project**

Developed a Text-to-Speech web application using HTML, CSS, JavaScript, and Node.js. The application allows users to input text, which is then converted into speech using a speech synthesis API. The front-end is built with HTML, CSS, and JavaScript to create an intuitive and responsive user interface. Node.js is used to manage server-side functionality and enhance the performance of the application. This project demonstrates full-stack development skills and highlights the ability to integrate APIs for real-time text-to-speech conversion, improving accessibility and user interaction

- **Login Page Design - Front-End Development Project**

Designed a responsive and user-friendly login page using HTML and CSS. The page features input fields for username and password, along with a clean and modern layout. Implemented CSS styling to ensure a visually appealing design and smooth user experience across various screen sizes. This project demonstrates proficiency in front-end web development and attention to detail in creating intuitive, accessible user interfaces.

Internship :

National Small Industries Corporation (NSIC), [Chennai] [2-weeks]

- Gained knowledge about Raspberry Pi and learned how to use it
- Assisted in various projects involving Raspberry Pi applications

Extracurricular Activities :

- Member in Youth Red Cross club (YRC)
- Member in Rotaract club

Languages Known :

- English – Speak,Read and Right
- Tamil – Speak,Read and Right
- Telugu – Only Speak

Hobbies :

- Reading
- Playing outdoor games
- Listening to music
- Travelling

Declaration :

I hereby declare that the information provided in this resume is true to the best of my knowledge and belief. I understand that any false information may result in the rejection of my application or termination of employment if discovered at a later stage.
